CEO Green Crescent Trust's Message

I am honored to present the Newsletter of 2015. At Green Crescent Trust, so many changes have taken place of which we are so proud. What started as a small project to help the underprivileged children of Sindh has become a project dear to many today. Our education projects, orphan support program, water projects have grown. This issue highlights not just our achievements in the past year but our plans for the future as well!

It is only because of Allah SWT's blessing and divine mercy that our little efforts and your contributions have brought us these achievements and I hope that it brings inspiration to all of us.

Board of Trustees

Mr. Saeed Ismail, Chairman

Chairman, Indus Pharma

Our mission was to eradicate illiteracy, drawing inspiration and guidance from Quran and Sunnah all the while also trying to eliminate the other evils of poverty, water shortages, and community development.

Mr. Tahir Lone

Join us in our mission to end illeracy.

Message from COO

Access to education is not only a basic human right, but also a key factor in reducing poverty and child labour.

GCT's main focus has been providing basic education to those who need it most. Pakistan has the 2nd largest population of out-of-school children in the world and the majority of them are in the Sindh province. We are proud of our latest achievements, EFS joining hands with GCT to provide basic primary education to out-of-school children. We also have been successful in creating awareness and collected funds through the recent Tharparkar Expedition which took some of our finest photographers to photograph for the upcoming Thar Exhibition held at Alliance Franciase.

GCT Joins Hands with Education Fund for Sindh

With the support of Education Fund for Sindh, Green Crescent Trust will increase its network of schools and enroll 7,400 Out of School Children in 37 primary level schools

EFS provided support to GCT at an extremely critical juncture and it was because of their support and contribution that GCT was successful in opening 25 schools, with an enrollment of 3,000 students in a record time of 3 months. Another 12 schools are in process and will be opened in the near future.

Success Stories

“ The principal who granted admission to Sikandar Ali, whose dream of studying and acquiring an education came true. Sikandar's father met the Principal and thanked him for fulfilling his son's dream. He blessed the school and the people behind the vision of Hilal Public School System. ”

Sikandar's Story

Fizza's Story

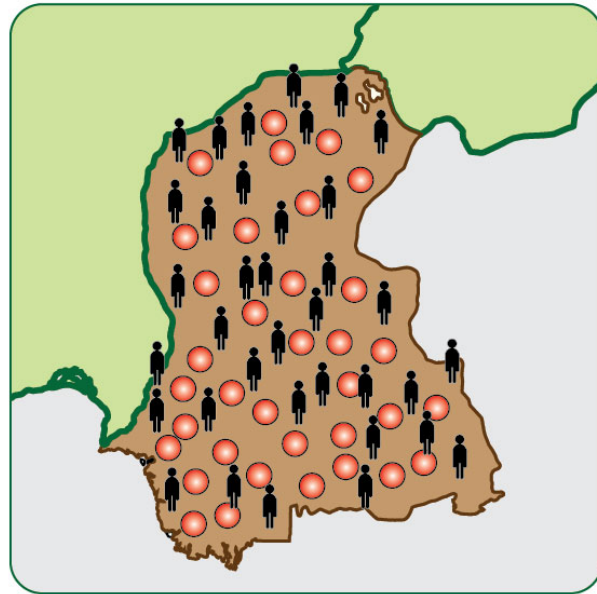

“ After much struggle, Fizza's father came across the Hilal Public School System, where he enrolled Fizza in Prep-II. Fizza being a bright student, along with the efforts by both her parents and teachers, went on to achieve accolades and is counted among the top five students of Hilal Public School. ”

Vision 2020

● **230** Schools

● **100,000** Children

Tharparkar Expedition

GCT took a bunch of talented young photographers and filmmakers on a Tharparkar photography expedition where they spent three days capturing the people culture and landscape of Thar all in their own unique ways which will later be part of Tharparkar Cultural and Photography Exhibition in order to raise awareness about the plight of these downtrodden people and to attract donors.

Tharparkar Exhibition

The Exhibition held at Alliance Francaise was to raise awareness about the difficulties faced by the people of Thar and GCT playing the role of the saviour. The idea of the exhibition is to raise funds as GCT has been successful in starting up its sustainable water projects to help the drought affected areas.
